Coach accounts

1554 Dundas St W (lower level), Toronto - October 22, 2026

Each coach already has an account. Sign in with the email below. The password is handed over in person and is not printed here. Sign in once at the gym computer before class so the roster and the round clock are ready.

Where to sign in

Gym computer, staff app: http://localhost:3001

Phone or a computer away from the desk: https://www.sullys1943.com/app/login

Floor TV, already on the gym screens: http://localhost:3000/tv/floor

On the staff sign-in page, tap your name. The email fills in. Type the password you were given, then press Sign in. You land in Coach Corner.

Set up a class

1. Open Coach command. Today's class is at the top. If it is yours, you will see the title, time, and how many people are checked in.
2. Open Class builder. Name the workout, turn on Kids mode for Little Champs or youth classes, and set the blocks: warmup, rounds, cooldown. Press Save template. That plan drives Live Class and the floor TV.
3. Open Roster when people arrive. The desk scans each member's boxing card. You mark who is present, and you can see their card and XP.
4. Press START CLASS. Run the round clock. When the class is done, finish it so the floor awards the class XP.
5. Messages sends a note to the people in that class. Analytics shows classes taught and attendance after the fact.

On a phone, sign in at the website, open Coach, and use the same round clock. Building the workout template is done on the staff app at the gym computer.

Your login and your classes

Desk scanner, for today's test

Front desk: desk@sullys.local. The password is handed over in person.

Open Desk check-in to scan a member card. Open Opening check (http://localhost:3001/desk/dry-run)

if the scanner needs a test before the floor opens. Coaches do not scan cards. The desk scan is what puts a member on the class roster.

Keep these private

This sheet is for coaches and the front desk. It is not a page on the public website. Sweet Science is listed as Anthony, with no A. and no S., so Anthony A. and Anthony Sky both stay on the floor until a class poster names them.
